

Para Roles

Monthly Challenge #1

December 2019

Duo Dragons vs.

Choose a party makeup using any non-Elite Squadron rules and the Normal Mode rules for character starting stats [using 6s, 7s, 8s, and 9s]. Assign each player 10 treasure cards to do with as they wish. Players may use the treasure cards for:

- 1) normal treasure card use on stats
- 2) boosting character stats
- 3) purchasing another skill to start as a prestige class
- 4) and/or purchase items from Open Beta 1 or 3 item lists (players may pool treasure to purchase items together).

The 2 dragons stats are [A,K,A,K] and [K,A,K,A]. When an enemy die is rolled to determine their action, use the number for the [A,K,A,K] action and subtract 1 for the [K,A,K,A] action in order to speed up the decision making process for enemy actions.
